

Joining the motorway

Preparation for higher speed driving

- Your vehicle must be fit to cruise at speed
- Ensure that tyre pressures are correct and that you have enough fuel, oil and water
- Clean windows, mirrors and lights
- You must be awake and alert and use maximum concentration

Entering the motorway

- Build up speed on the slip road
- Mirrors, signal, blind spot
- Merge with traffic in lane one

Getting used to the 'flow'

- Mirrors as soon as you have joined
- Cancel your signal
- Hold position in the left lane until you feel comfortable with the higher traffic speeds
